ALL SEASON ALFRESCO LIVING

PAVILION™ ALLURE

STUNNING ARCHITECTURAL APPEAL

INNOVATION IN OPENING ROOF PATIOS

Presenting the latest addition to the Stratco Pavilion range - Australia's most desired alfresco brand. The Allure offers you the very best in all-season alfresco living with remote controlled opening louvres and a flat ceiling appearance when closed.

The Allure has an impressive architectural appeal with clean lines and low profile fixings in a range of popular colours to accentuate any home. It is sure to be a hit when entertaining, and bring a smile to your face when enjoying your quiet outdoor space.

The Allure is brilliant for rain, shade and ventilation control anytime of the year to maximise your outdoor enjoyment and genuinely extend your outdoor living season.

MODERN DESIGN

Designed with smooth angular lines and solid posts and beams to give an impressive architectural appeal. The 250mm high beams and internal gutter give a clean bold appearance, while the countersunk, colour-matching screws and low profile bracketry show a market leading attention to detail. Allure combines the best of sleek modern design with a versatile outdoor living space.

ULTIMATE SUNLIGHT CONTROL

With the remote control you can precisely adjust your louvre angles to control sunlight levels in your outdoor living space. From blocking the dazzling summer sun, to welcoming the warming winter sun - you have complete control at your fingertips.

Clean lines provide an impressive architectural appeal

Precisely control the level of sunlight you desire

Closed louvres provide a beautiful ceiling appearance

“ The very best in all-season alfresco living with remote controlled opening louvres and a flat ceiling appearance when closed. ”

STRATCO PAVILION ALLURE™

SUPERIOR RAIN PROTECTION

Designed with excellent water management in mind, the Allure louvres have very deep side channels which direct water flow to smartly designed internal box gutters and away through downpipes. The rain sensor automatically closes all louvres at the first sign of rain, providing market leading rain and weather protection.

EXCELLENT VENTILATION

With your Allure louvres partly open, you can effortlessly manage the refreshing airflow in your outdoor living space. Angle toward the prevailing breeze to push air in and down, or angle away from the breeze to allow fresh air circulation. Enjoy a fresher outdoor experience anytime you want without losing any comfort.

ATTRACTIVE FLAT CEILING

The reinforced, one piece extruded louvre doesn't warp, buckle or twist, and the anti-rattle weather strip inside each louvre overlap give a very even lay when closed. This combined with the 200mm wide gloss coated underside provides a genuinely beautiful ceiling appearance.

SUPERIOR PRODUCT PERFORMANCE

The Allure has been specifically designed using all aluminium and stainless steel components to provide excellent durability, in particular in coastal locations.

THE BEST OF OUTDOOR ENJOYMENT WITH AUTOMATIC RAIN PROTECTION

PAVILION™ ALLURE

ALL SEASON WEATHER CONTROL

FULLY STRATCO ENGINEERED

Every Allure is fully engineered and independently certified from the footings to the house attachments, and quoted in a very council friendly format. Each Allure can be customised to your requirements in an incredible variety of options - including wall or fascia attached, flyover or alcove options, or even freestanding designs.

COMMERCIAL PROJECTS

A single Allure unit can cover an impressive 24m², and a number of units can be joined together and operated by a single (replaceable) remote control. Available in the standard colours shown or in a wide range of custom colours to suit each project, or even in Aluminium mill finish. Perfect for a versatile entertaining area in restaurants, hotels, or apartment blocks.

FULLY INSTALLED or DIY

The clever design of Allure, with simple connection methods, combined with comprehensive installation instructions, make Allure suitable for an experienced do-it-yourselfer. Alternately, Stratco Authorised Dealers can manage the full installation process including council applications and house attachment details, and offer a 1 year installation warranty for complete hassle-free peace of mind.

This offers a 10 year paint finish warranty[#] and a 15 year structural warranty for the ultimate protection. Speak to your sales consultant for more information.

[#]Allure must be more than 100m from any salt water body. Regular maintenance and washing forms part of the warranty conditions. Other conditions also apply. Please refer to the Allure Warranty document for full details.

PAVILION™ ALLURE

EXTEND YOUR OUTDOOR SEASON

DEPENDABLE STRATCO WARRANTY

Stratco design and manufacture all components for the Allure and can proudly offer an industry leading warranty.

For locations further than 1km from a salt water body, a 15 year structural and 8 year paint finish warranty applies.*

For locations between 1km and 100m from a salt water body, a 15 year structural and 1 year paint finish warranty applies, or if 'Severe Environment' powder coated then a 15 year structural and 10 year paint finish warranty applies.*

**Regular maintenance and washing forms part of all warranty conditions. Other conditions also apply. Please refer to the Allure Warranty document for full details.*

TECHNICAL SPECIFICATIONS

Maximum louvre length is 3.65m which makes the maximum width of an Allure unit 3.9m from outside of beam to outside of beam. Maximum total unit size is 24m², and multiple units can be joined together and operated independently or jointly from a single replaceable remote control.

Posts are 100 x 100mm, side beams are 250mm high, and the width of beam and box gutter from the underside is 200mm.

Maximum height of Allure is 3.6m to top of beam (3.35m to underside of beam). The drive mechanism requires an electrical connection to be installed.
